Table of Contents

Preface 9

Zbigniew Więckowski
CHAPTER 1. The Right to a Fair Trial – the Council of Europe Perspective. A Critical Analysis of the Council of Europe Guidelines (CAHAI, CDCJ, CEPEJ) 19
1.1. Introduction 19
1.2. Output of Ad hoc Committee on Artificial Intelligence (CAHAI) 22
1.3. Output of European Committee on Legal Co-operation (CDCJ) concerning the impact of AI on justice 28
1.4. The output of the European Commission for the Efficiency of Justice (CEPEJ) regarding the impact of AI on justice 37
1.5. Conclusions 41
REFERENCES 42

Emőd Veress
CHAPTER 2. Artificial Intelligence as a Legal or Technological Person, and as a Judge? 45
2.1. Introduction: A brief contemplation on personhood in law 45
2.1.1. Who (or what) may qualify as a "person"? 45
2.1.2. Persons before the law 47
2.2. AI's claim to (legal) personhood as a "technological person" 53

2.2.1. Prolegomena 53
2.2.2. AI as a "technological person" 54
2.2.3. The case for and the case against legislating a technological person 56
2.3. What kind of "person" would an "artificial judge" be? 71
2.4. Regulatory proposals 75
2.4.1. AI as a technological person 75
2.4.2. AI as an artificial judge 80
2.5. Conclusions 83
REFERENCES 84

István Ambrus
CHAPTER 3. Substantive Criminal Law and Artificial Intelligence 91
3.1. Introduction 91
3.2. Options for the definition and classification – general characteristics of AI 93
3.3. General and criminally relevant fields of use of AI 97
3.4. AI and criminal liability 98
3.4.1. AI as the perpetrator itself 98
3.4.2. The "act" of AI 104
3.4.3. AI and compliance with statutory definitions 107
3.4.4. AI and unlawfulness (danger to society) 107
3.4.5. AI and culpability 111
3.5. Criminal sanctions 112
3.6. Some aspects in the context of the special part of criminal law 113
3.7. AI as the material object of the offence 115
3.8. Conclusion 115
REFERENCES 116

Agnieszka Gryszczyńska
CHAPTER 4. The Impact of the Proposed Regulation Establishing Harmonised Rules on Artificial Intelligence in the European Union on Law Enforcement and the Administration of Justice in Poland 119
4.1. Introduction 119
4.2. The concept of artificial intelligence 121
4.3. State of regulation of artificial intelligence in Poland 124
4.4. Work on AI regulation in the EU 127
4.5. Digitalisation of justice systems 130
4.6. The impact of artificial intelligence on the internal openness of proceedings – on the example of the use of digitised case files in criminal proceedings 133
4.7. The need to maintain internal openness linked to the issue of protecting human rights 135
4.8. Conclusion 138
REFERENCES 141

Rafał Wielki
CHAPTER 5. Use of Artificial Intelligence in Law Enforcement and Criminal Justice 147
5.1. Introduction 147
5.2. Artificial intelligence and law enforcement 148
5.2.1. To start with: the "Good Guys" approach 148
5.2.2. Data analysis and pattern recognition 151
5.2.3. Image recognition and biometrics 154
5.2.4. Statistical evidence 158
5.3. Artificial intelligence and criminal justice 161
5.3.1. Prediction in Criminology 161
5.3.2. Automated decision-making 165
5.4. How to create laws on artificial intelligence? 171
5.4.1. Poland's main goals 171
5.4.2. Trustworthy artificial intelligence – European Union's approach 173
5.5. Conclusions and *de lege ferenda* comments 180
